Due to exclusive sources, Babe is able to produce the finest quality, nutrient-rich, 100% human remy hair available. Remy hair preserves the cuticle, keeping it organically intact and running in the same direction as all other hairs on the head. With the cuticles in place the hair will not mat or tangle. No silicone or other products are added to the extensions. This allows Babe Hair to both look and feel the same as your client's existing hair.

- 100 Beads (Micro Locks)
- 1 Hair Extension Brush
